## IBEW 2026 Ticketing is Now Open!

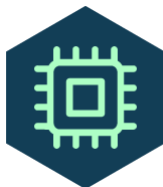

**The goals haven't changed: leadership, digital intelligence, and sustainability remain at the core of the built environment. What *is* changing is how companies must integrate them to stay competitive.**

Whether your business focuses on development, design, engineering, construction, or facilities management, IBEW 2026 brings about fresh ideas and practical solutions to help your team navigate today's complex project lifecycles.

Guided by this year's theme, "**Empowering People, Accelerating Intelligence**", IBEW 2026 will explore how industry leaders are:

**Enhancing People  
Capabilities**

**Adopting AI in the Built  
Environment**

**Advancing Sustainability  
Outcomes**

Whether you are driving business strategy, project delivery, operational performance or innovation adoption, IBEW delivers the insights and practical solutions your business needs

to stay competitive. Discover how to incorporate AI and talent management strategies across the value chain for enhanced business outcomes.

**IBEW sessions are accredited**, allowing you to fulfil professional development requirements while gaining access to forward-looking strategies, technologies and market perspectives from across the region.
