Meet the Leaders Shaping the Future of Mobility

Dear Industry Partner,

The [Singapore Urban Mobility Week \(SUMW\) 2026](#) Conference Programme will bring together senior decision-makers, thought leaders and industry experts from the global land transport sector to address the most pressing challenges and opportunities that matter most to your organisation.

Taking place on Day 1, the **Leaders Summit** will feature high-level discussions on key priorities facing the industry today, covering autonomous mobility, asset renewal and digitalisation, workforce development, and the deployment of autonomous vehicles in high-density urban environments.

Leaders Summit Panel Themes

Exploring how autonomous technologies and equitable access are reshaping mobility for cities and communities.

Discovering how transit operators are future-proofing ageing infrastructure through technology and digital transformation.

Understanding why workforce development, culture, and human-centred design remain critical differentiators in an increasingly automated industry.

Turning the promise of autonomous vehicles into deployable, scalable solutions in the world's most complex urban environments.
