

22 July 2026

Dear Professional Engineers,

The IES-ACES Civil & Structural Joint Accreditation Committee (JAC) would like to invite you to nominate your Resident Engineer (RE) and/or Resident Technical Officer (RTO) for the **Exemplary Site Supervisor Award for 2026**.

The Exemplary Site Supervisor Award is intended to recognize the **exceptional dedication and contributions of site supervisors** in structural works to ensure buildings are constructed in accordance with its design specifications and the building regulations. It aims to **acknowledge publicly outstanding individuals** who have made significant contribution and effort towards the achievement of overall construction safety and productivity.

For Nomination Form, please click [HERE](#).

Deadline for submission: **15 August 2026**

Submission of Nomination form can be send via email to: re.rto@iesnet.org.sg

If you have any enquiry, you may also write to re.rto@iesnet.org.sg

Would greatly appreciate if you could send us the nomination.

Thanks.

Best regards,

Siti Syahirah (Ms)

1. The Award

The Exemplary Site Supervisor Award ("Award") is intended to recognize the exceptional dedication and contributions of site supervisors in structural works to ensure buildings are constructed in accordance with its design specifications and the building regulations. It aims to acknowledge publicly outstanding individuals who have made significant contributions and effort towards the achievement of overall construction safety and productivity.

2. Award Categories

The Award has two categories, namely (1) Exemplary Resident Technical Officer Award and (2) Exemplary Resident Engineer Award.

3. Award Nominations

Nominations for the Award should meet the following criteria:

- a. Nominee must be an accredited site supervisor with the Joint Accreditation Committee of The Institution of Engineers Singapore (IES) and Association of Consulting Engineers Singapore (ACES).
- b. One (1) candidate may be nominated for only one category of the Award.
- c. Nominee must have worked in the construction industry in the supervision of structural works for at least 5 years.
- d. Members or its associates of the Award Committee may not be nominated.
- e. Nominated project must be different from the project submitted previously.
- f. Nominee must not be a past award winner in the past 12 months consecutively.

4. Judging Criteria for the Award

The nominated candidates will be judged by the following:

- a. Diligence in keeping and maintaining site records and plans
- b. Competency in ensuring construction quality and site safety
- c. Vigilance in monitoring the construction impact to adjacent building properties.
- d. Resourcefulness in resolving site technical issues
- e. Technical Accomplishments and Other evidence of merit

5. Interview Conducted by Award Committee

Shortlisted nominees may need to attend an interview before the Award Committee. The nominees will be assessed based on the information requested in the attached nomination form. The decision of the Award Committee shall be final.

6. Announcement of Award

Awardees will receive the Award in the form of training vouchers, certificate of outstanding performance, etc, from the Guest-of-Honour at the IES/ACES RE/RTO Awards Night. In addition, the names of the Award winners will be published in the IES website.

IES and ACES will notify all nominees the results of the Award. The nomination form can be submitted to IES via the following:

III Details of one Completed Development Project to be referred to in the Nomination Application (i.e. item IV, V, VI, VII below)

Project Title:	Click here to enter text.
Project Reference No:	Click here to enter text.
Name, Company Address, Tel & Fax No. of Developer:	Click here to enter text.
Name, Company Address, Tel & Fax No. of Builder:	Click here to enter text.
Name, Company Address, Tel & Fax No. of Architect:	Click here to enter text.
TOP or CSC Date:	Click here to enter text.

IV Diligence in Keeping and Maintaining Site Records and Plans

						Scale
a.	Able to keep and update all site records and plans required under the building regulations.					Choose an item.
b.	Able to produce the required site records on request for the Qualified Person (QP) and for inspection by BCA officer.					Choose an item.
c.	Able to keep and maintain updated plans, including any other deviation of structural works, amended plans, etc, for construction.					Choose an item.
	1 Strongly Agree	2 Agree	3 Neutral	4 Disagree	5 Strongly Disagree	Total score: Click here to enter text.

V Competency in Ensuring Construction Quality and Site Safety

						Scale
a.	Able to ensure construction activities are carried out according to design specification of the building					Choose an item.
b.	Able to carry out comprehensive check on the completed work at site					Choose an item.
c.	Able to check on the safety provision to carry out construction activities					Choose an item.
d.	Able to ensure all necessary construction tests, such as, pile load test, concrete cube test, re-bar test, etc, are carried out and met the design specification of the building					Choose an item.
	1 Strongly Agree	2 Agree	3 Neutral	4 Disagree	5 Strongly Disagree	Total score: Click here to enter text.
