

BCA is conducting an AI Progress & Maturity Survey to better understand the current state of AI adoption, organisational capabilities, and future AI plans across firms in the Built Environment (BE) sector.

Survey Link

We would appreciate it if you could take a few minutes to complete the survey at the link below:

[AI Progress & Maturity Survey | FormSG](https://go.gov.sg/ai-progress-and-maturity-survey-bca)

<https://go.gov.sg/ai-progress-and-maturity-survey-bca>

Who should complete the survey?

We recommend that the survey be completed by a senior representative who has a good understanding of the firm's digitalisation and AI initiatives, business operations, and technology strategy. This may include business owners, directors, senior management, digital transformation leads, innovation leads, IT managers, or other personnel responsible for driving or overseeing technology adoption within the organisation.

We would appreciate it if you could submit your response at your earliest convenience. Your responses will provide valuable insights into the industry's AI maturity and help us better shape initiatives and support programmes to accelerate AI adoption across the sector.

Thank you for your time and support. Should you have any questions regarding the survey, please feel free to contact us at [chong_wen_jin@bca.gov.sg]

Thank you.

Best Regards,

Chong Wen Jin
