SIEW
SINGAPORE INTERNATIONAL ENERGY WEEK

IEA, IRENA and IAEA in One Day

On 27 October, SIEW Summit Day 2 will feature the 10th Singapore-IEA Forum, 6th Singapore-IRENA High-Level Forum and inaugural IAEA@SIEW Forum. This is your opportunity to gain perspectives across energy security, renewable energy development and nuclear readiness within one day.

MORNING | SINGAPORE-IEA FORUM

How can connected systems support a more secure and resilient energy future?

The morning begins with discussions on LNG and gas security, electricity security, resilient infrastructure and the ASEAN Power Grid. Policymakers, industry leaders and international partners will examine how regional cooperation, technology and stronger system connections can support energy security across ASEAN and beyond.

AFTERNOON | SINGAPORE-IRENA HIGH-LEVEL FORUM

What will it take to move renewable energy projects from ambition to investment?

The afternoon turns to the policy, financing and infrastructure conditions required to advance renewable energy development in Southeast Asia. Discussions will cover investment frameworks, project bankability, risk mitigation, private capital, grids, cross-border infrastructure and green industries.

AFTERNOON | IAEA@SIEW FORUM

The inaugural IAEA@SIEW Forum will examine the policies, financing structures, partnerships, infrastructure and institutional capabilities associated with nuclear energy deployment. The programme will also consider advanced reactors, workforce development, regulatory readiness and international cooperation.

One SIEW Summit pass. Two days. Every conversation that matters.
