How can power systems keep pace with the rapid growth of AI and data centres? What does it take to build readiness for advanced nuclear? And how can grids remain resilient as electricity demand grows?

The **SIEW Spotlight Series** brings these questions into focus, with dedicated forums examining the technologies, infrastructure and capabilities shaping the next phase of our energy systems.

Powering Data Centers & Strengthening Grids – The Next Decade

Confirmed speakers include:

H.E. Gan Siow Huang

Minister of State, Ministry of Foreign Affairs
& Ministry of Energy, Trade and Industry
Singapore

H.E. Anjani Sinha

Ambassador Extraordinary and
Plenipotentiary

Embassy of the United States of America in Singapore

Explore how Southeast Asia can power its growing digital economy while strengthening energy resilience. This forum will touch on AI, energy security, infrastructure finance, and regional integration as well as low carbon energy solutions for data centres. Discussions will examine AI-driven electricity demand, grid readiness, infrastructure financing, renewables and the regulatory frameworks needed to enable investment.

- **Keeping the Lights On and Powering the Digital Economy: Can ASEAN's Energy Transition Keep Up?**
- **Financing the Growth in the Digital Economy**

SPOTLIGHT SWEDEN FORUM | 29 OCTOBER (THU)

Energy Technologies for ASEAN's Energy Future

Confirmed speakers include:

Puah Kok Keong
Chief Executive
**Energy Market
Authority**

Alberto De Min
Vice President of
Partnerships
Blykalla

Lee Seng Wai
Chief Operating Officer
**Singapore Energy
Interconnections**

Low Xin Wei
Chief Executive
Officer
Singapore Nuclear

Magnus Holmqvist
President
SKB International AB

Helena Bernland
Senior Business
Developer for
International Markets
**Swedish Energy
Agency**

Thomas Ottosson
Managing Director
Unipower AB

Discover how Sweden's energy expertise and innovative solutions can support Singapore's and ASEAN's evolving energy needs. The forum aims to strengthen connections among Swedish and regional energy stakeholders, and explore opportunities to contribute to Singapore's energy roadmap.

- **Engineering the Sweden-Singapore energy partnership**
- **Advancing nuclear energy partnerships**
- **Strengthening grid infrastructure and resilience**

SPOTLIGHT KOREA FORUM | 30 OCTOBER (FRI)

Building SMR Readiness for the SMR Era

Confirmed speakers include:

Kim Jun-min
Acting Ambassador
**Embassy of the
Republic of Korea in
Singapore**

Jerng Dong-wook
President
**KEPCO International
Nuclear Graduate
School**

Lim Seung-yeol
Senior Vice
President
**Korea Hydro &
Nuclear Power Co.,
Ltd.**

Lee Kwang-kook
General Manager
**Korea Hydro &
Nuclear Power Co.,
Ltd.**

Drawing on Korea's nuclear experience, explore the regulatory, institutional and industrial capabilities needed to prepare for SMR adoption — from workforce and stakeholder readiness to construction, operations, manufacturing and supply chains.

- **Building SMR Readiness: Korea's Experience and Implication for Nuclear Newcomers**
- **Lessons Learned in Nuclear Adoption: Building SMR Readiness**
- **Enabling Successful SMR Deployment: From Construction to Operation**
- **Vision for the SMR Era: Strengthening Industrial Capability**
