At the [10th Singapore-IEA Forum](#), join policymakers and industry leaders to explore how stronger connections across people, systems and technologies can enhance resilience, flexibility and long-term system stability.

From the future role of LNG and gas to electricity security and the ASEAN Power Grid, gain perspectives on the priorities shaping ASEAN's energy future. Read on to explore what's on the agenda!

Marking 10 Years of the Singapore-IEA Forum

H.E. Tan See Leng

Minister for Energy, Trade and Industry
(Energy and Industry), Ministry of Energy,
Trade and Industry
Singapore

Dr Fatih Birol

Executive Director
International Energy Agency

Session 1: Securing Tomorrow's Energy: LNG, Gas and Energy Security

Presented by:

Emmanuelle Wargon
Chairwoman
French Energy Regulatory Commission

Tamura Hideyasu
Deputy
Commissioner,
International
Affairs
Agency for Natural Resources and Energy, METI

Izumi Kai
Managing
Executive
Officer, CEO

Project Finance,
Global
Corporate
Banking
OCBC

Alan Heng
Chief Executive
Officer
Singapore GasCo

This panel will examine how governments, utilities and the private sector can strengthen energy security, diversify supply sources and manage market volatility while decarbonising.

- **What are the most significant risks and uncertainties facing ASEAN's energy security today?**
- **How can ASEAN strengthen LNG supply and resilience and diversify energy sources?**
- **What lessons can ASEAN draw from recent disruptions affecting global energy supply chains?**
- **How should policymakers balance energy security, affordability and sustainability objectives in an increasing volatile environment?**
- **What role will LNG and other bridging fuels will play alongside growing renewable energy deployment?**

Session 2: Strengthening Electricity Security through the ASEAN Power Grid

Clare Savage
Chair
**Australian
Energy
Regulator**

Chris Stark
Head of Mission
for Clean Power
**UK Department
for Energy
Security and
Net Zero**

Tham Chee Aun
Group Chief
Executive
Officer
Ditrollic Energy

Jimmy Khoo
CEO
**SP PowerGrid
Limited**

Sue-Ern Tan
Head of the IEA
Regional
Cooperation
Centre
**International
Energy Agency**
(Moderator)

The panel will explore how governments, utilities and the industry can strengthen electricity security while supporting the energy transition. Discussions will examine the role of grid modernisation, energy storage, digital technologies in enhancing system flexibility. The panel will also consider how cross-border power trade, including progress made towards the ASEAN Power Grid (APG), can contribute to a more secure and resilient power system.

- **What are the most significant challenges to electricity security in ASEAN as electricity demand increases?**
- **How can the APG and cross-border power trade strengthen electricity security?**
- **What are the key policy, regulatory, commercial and technical barriers to enhance electricity security?**
- **How is the rapid growth of AI and data centres reshaping the region's electricity infrastructure needs?**

- **How can governments, utilities and the industry can strengthen electricity security?**

Secure your SIEW Summit Day 2 Delegate Pass and join the conversation.

REGISTER NOW!

Two days. One pass. The complete SIEW Summit experience.

More perspectives. More connections. More value.

The SIEW Summit now spans two days, offering broader perspectives and more opportunities to connect. Upgrade to the 2-Day Pass to enjoy:

- ✓ Full access to **2 days of SIEW Summit** - from energy security, technology, and financing on Day 1, to the Singapore-IEA Forum, Singapore-IRENA High-Level Forum, and IAEA@SIEW Forum on Day 2
- ✓ **Networking receptions across both days**, with opportunities to connect with policymakers, industry leaders and senior representatives across the global energy ecosystem
- ✓ Access to the **Energy Showcase**, featuring technologies and solutions shaping the next generation of energy systems
