Explore Autonomous and Intelligent Mobility with SUMW 2026

Dear Industry Partner,

How can cities turn autonomous mobility trials into safe, reliable and scalable public transport services?

At **Singapore Urban Mobility Week (SUMW) 2026**, taking place from **4–6 November 2026** at **Suntec Singapore Convention & Exhibition Centre**, join transport operators and technology leaders to explore how autonomous mobility can become part of everyday journeys.

Through the **Industry Forums**, discover practical experiences and international perspectives on service integration, government-led deployment, passenger acceptance and commercial sustainability.

Be part of the conversations bringing autonomous mobility into everyday transport.

Industry Forums I Autonomous and Intelligent Mobility

5–6 November 2026 | Suntec Singapore Convention & Exhibition Centre
From Pilots to Public Transport: Scaling Autonomous Mobility for Cities

Moving beyond pilot projects requires collaboration across governments, technology developers, transport operators and mobility service providers.

This panel will explore how cities can integrate autonomous services into existing public transport networks, drawing on lessons from real-world operations and emerging deployment models.

Why Join Industry Forums?

- Gain practical insights from transport authorities, operators and industry leaders

- Learn from real-world deployments and international case studies
- Discover emerging technologies and solutions shaping the future of urban mobility
- Earn Professional Development Units (PDUs)
