

SGBC Learning Journey to Technoform:

High-Performance Facades - Beyond Glass to Complete System Performance

Wednesday, 28 October 2026 | In-Person Event

As energy efficiency, occupant comfort, and sustainability become increasingly important in modern building design, high-performance facade systems play a critical role in achieving these objectives.

This SGBC Learning Journey at Technoform will introduce participants to the principles and applications of thermal break and warm edge spacer technologies in windows, doors, and facade systems. Participants will gain insights into how these solutions help reduce thermal bridging, improve insulation performance, minimise condensation risks, and contribute to overall building performance.

Technoform will share technical knowledge, product innovations, and design considerations for incorporating these technologies into facade systems.

The session will also include physical product demonstrations and a site walk through the manufacturing plant, providing participants with a practical understanding of high-performance facade applications.

LEAD TRAINER

Benjamin Teoh

Technical Specialist

Technoform Bautech Asia Pacific

Event Details

Wednesday, 28 October 2026

3:00PM - 5:00PM

Technoform Edge Bond Solutions
Singapore, 32 Pioneer Crescent, West
Park BizCentral, #05-18/19, Singapore
628561 ([Google Maps](#))

Education Partner

TECHNOFORM

A chartered bus service will be provided between Boon Lay MRT and Technoform.

Fees (w/ GST)

SGBC Member: \$20

Green Mark Professional: \$20

Non Member: \$50

CPD Information

SGBC-GMP: Pending approval

IMPORTANT NOTE

Please ensure that a valid and active email address is used for registration as the event details will be sent directly to the participants. If you are registering on behalf of a participant, please use their name and contact details for registration.

SGBC reserves the right to amend the event programme without prior notice. SGBC reserves the right to allocate registrations to ensure a well-balanced representation of professions at each event for the best learning outcomes. Professional CPD points will only be awarded after verification of in-person attendance. Full payment must be received at least three days before the event.
