SGBC CPD Event

BRI-SGBC Seminar 2026:

Designing for Tomorrow, From Innovation to Sustainable Communities

9:30AM to 12:00PM | 12 November 2026 | In-Person CPD Event

As Singapore advances its sustainability ambitions, creating a greener and more liveable built environment will require thoughtful design, construction innovation, resource efficiency and community wellbeing - working together.

Event Details

Date: Thu, 12 Nov 2026

Time: 9:30AM - 12:00PM

Venue: HDB Centre of Building Research, 10

An annual event co-organised by the **Housing & Development Board Building & Research Institute (BRI)** and the **Singapore Green Building Council (SGBC)**, the BRI-SGBC Seminar 2026 on 12 November 2026 will explore how research, design and innovation are translated into practical solutions and meaningful outcomes.

Speaker Lineup:

- **Ar. Yu Hsien Chia from HDB** will talk about the art and science of designing for public housing, showcasing HDB's design evolution driven by a disciplined approach to science and technology.
- **Mr. Alan Yeo from Teambuild Construction Group** will speak on Lean and Green: How Everyday Practices are Transforming Public Housing Construction, showcasing sustainable innovations.
- **Mr. Derrick Tang from Uniseal Creative Solutions** will outline how the organisation is Closing the Loop for a Greener Tomorrow to show how circular innovation contributes to greener, more resilient and liveable cities.
- **Ar. Jireh Lee from DP Architects** will deliver a case study on SAFRA Choa Chu Kang, a reimagination of the recreational clubhouse as an extension of the park, blurring boundaries between architecture, landscape and community.

From HDB's art and science of designing public housing to smarter construction, circular infrastructure and community-centric sustainable design, the Seminar will showcase real-world approaches that demonstrate how innovation can be scaled to create more sustainable, resilient and liveable communities.
