

Invitation to Visit BuildTech Asia Virtual Exhibition 2021 (7 - 8 July 2021)

Stay ahead with the latest innovations and network with leading professionals at the largest virtual networking event designed for the built environment sector: the BuildTech Asia Digital Series, happening from July 7 to 8.

The event features a series of free-to-attend webinars and a comprehensive exhibit of showcases across the entire building lifecycle value chain from productive technology and building materials, to architecture and quality finishes. More than 100 exhibiting international brands and over 50 webinar speakers are part of the lineup.

Find out how smart buildings, sustainability, and green technology will reshape the built environment sector and discover leading trends in prefabrication and modular constructions. You can also explore how artificial intelligence, robotics, 3D printing will play a role in the construction industry's future

Kind regards,

Janet Tan
