**GRAND FINALE**  
Who will walk away with  
**\$S1 MILLION** in funding?

**28 JULY 2021**  
**2:00 PM (SGT)**

A VIRTUAL SHOWDOWN

**REGISTER NOW**

Dear reader,

Have you registered for the sustainability event of the year?

This 28 July, we invite you to be part of the Grand Finale of The Liveability Challenge 2021 — where six finalist teams will pitch their innovations to a judging panel of Asia's most sought-after investors for the grand prize of [up to S\\$1 million in project funding and other exclusive opportunities](#).

Emerging from over 400 applicants from 60 countries to earn their place at the grand finale, these six finalists will take the stage at Marina Bay Sands Convention Centre:

**Aegis Packaging (Singapore)**

Solution: Sustainable packaging by design

**DiviGas (Singapore)**

Solution: Hydrogen membranes used in carbon capture at refineries

**Econic Technologies (United Kingdom)**

Solution: Carbon dioxide – From waste to opportunity

**NEU Battery Materials (Singapore)**

Solution: Producing clean and sustainable lithium

**Seachange (United States of America)**

Solution: Atmospheric carbon removal at the gigatonne scale

## SEPPURE (Singapore)

Solution: Sustainable solvent recovery and reuse using nanofiltration technology

Join us at the virtual showdown on Wednesday, 28 July at 2 pm (SGT/GMT +8), to discover the disruptive ideas that will shape our future, and watch the teams pitch and spar with our judges in our showdown finale.

Hear from the Grand Winner of the 2020 edition, and gain insights from our plenary discussion on how sustainability and innovation can achieve impact at scale.
