Digitalisation, Disruption and the Grid of the Future

Tuesday, 27 July 2021 | 3:30pm – 5:00pm (SGT)

DIGITALISATION, DISRUPTION, AND THE GRID OF THE FUTURE

27 JULY 2021, TUESDAY | 3:30 PM – 5:00 PM (SGT)

REGISTER TODAY

We are very pleased to announce speakers from the Australian Energy Market Operator (AEMO) and Electricity Generating Authority of Thailand (EGAT) who will be joining us this 27 July, 3:30PM (SGT) at the SIEW Energy Insights Webinar – [Digitalisation, Disruption and the Grid of the Future](#). This webinar is held in partnership with SIEW event partner, [Clarion Events](#).

Digitalisation, Disruption, and the Grid of the Future

Electrification, the growing penetration of distributed generation and the integration of diverse energy sources have been posing considerable challenges to utilities in the region. This has caused the smart grid market in the region to grow immensely and bring significant benefits to both electricity providers and consumers. The future of the grid depends on technological advances and how utilities adapt to the changing market.

Webinar Programme

3:30pm	Report Presentation
3:45pm	<p>Panel Discussion: Digitalisation, Disruption and the Grid of the Future</p> <ul style="list-style-type: none"> • What does the future hold for smart grid technologies? • How can digitalisation help build a more flexible and resilient electricity grid? • How do we effectively manage the grid, taking into account the greater demand from transport, high performance electrified buildings and industry? • What opportunities for the utilities can be unlocked through digital initiatives? • How can we unlock the potential of energy storage systems to mitigate grid intermittency efficiently and cost effectively? <p><i>Panellists:</i></p> <ul style="list-style-type: none"> • Dr Surat Tanterdtid, Chief Enterprise Architect, Electricity Generating Authority Thailand (EGAT) • Mr Rama Ganguli, Principal Engineer, Australian Energy Market Operator (AEMO)
5:00pm	End of Webinar

Don't miss this chance to be part of the discussion - [Register now!](#)

SIEW 2021 REGISTRATION IS NOW OPEN!

Save up to SGD \$400 (USP \$890) when you register before 1 October.

About the Organisers:

The [Singapore International Energy Week \(SIEW\)](#) is an annual platform for energy professionals, policymakers and commentators to discuss and share best practices and solutions within the global energy space. SIEW 2021 will be held in a hybrid format with both onsite and online components from the 25 - 29 October at Marina Bay Sands.

The Energy Market Authority (EMA) is a statutory board under the Ministry of Trade and Industry. Our main goals are to ensure reliable and secure energy supply, promote effective competition in the energy market and develop a dynamic energy sector in Singapore. Through our work, the EMA seeks to forge a progressive energy landscape for sustained growth. Please visit www.ema.gov.sg for more information.

The [Future of the Grid](#) is Singapore's foremost grid-focussed event and the official Grid event of SIEW 2021. To be held on 28 – 30 October, leaders from across the global T&D value chain will gather to examine the impending challenges faced by our grid system and the technologies, policies, strategies and investment that will enable it to embrace disruption and support the drive to a sustainable future.
