ENERGY INNOVATION

2021

ENABLING SUSTAINABLE ENERGY TRANSFORMATION

SAVE THE DATE

JOIN US VIRTUALLY ON 23 JULY 2021 (FRIDAY), 2:00 PM – 6:00PM

Energy Innovation (EI) is an annual event to promote collaboration and knowledge-exchange among industry experts and the research community. The event provides a platform to showcase EMA-funded R&D projects undertaken by industry and the research community over the years.

ENERGY INNOVATION SHOWCASE

Learn about Energy R&D projects which have pushed the boundaries of innovation.

TECHNICAL WORKSHOP

Find out more about next generation technologies for Decarbonisation and Power Grid to support Singapore's energy transformation.

STARTUP SHOWCASE

Hear from young and promising energy startups on their solutions and explore investment and test-bedding opportunities with them.

REGISTER NOW !

More information on the programme will be shared soon.
